

Montana Juniors Volleyball

Code of Conduct

I will always do my best to represent the Montana Juniors Volleyball Club to the highest standard.

When in competition, I will respect opponents, officials, scorekeepers, and personnel running the tournament. I will always demonstrate respect for the coaching staff regardless of the situation.

When out of town, I will always be considerate of other guests in the hotel and respect other people's property. Rules that are set by the coach or team mom will be strictly adhered to.

I will not participate in illegal drugs or alcohol while a member of our volleyball program.

If there is a violation, immediate action will be taken with the participant. If we are at an out of town event, the player may be benched for the duration of the competition. When the team returns home, the coach and club director will decide if further action needs to be taken.
